## REMARKS.

A few explanations in review of the affairs of the town for the past year, seem to us appropriate. It will be observed that there was an increase in the expense of the highway department. This is partly accounted for from the fact that it seemed desirable to purchase quite a large amount of plank and railings for the same. Some years occasionally pass when no mills are conveniently near from which to get a supply for our roads. The situation this year was favorable for such purchases and, the needs of the town being considerable, we thought best to buy some more than the actual, immediate needs of the town warranted. The whole purchase for the year amounted to \$900, of which \$300 worth remains on hand for use.

Again, in 1903 the town voted to widen Richmond street but this work, through a misunderstanding, was not done that year. On the next year, though no vote had been taken, we felt that in conformity with the wish expressed by the town the year before, the work should be undertaken and carried out. Considerable expense was also incurred on a bridge in the south part of the town near Edward Barber's, a very substantial stone bridge having been put up at a cost of \$300.

The necessity of keeping the main roads, at least, in a higher degree of efficiency, both in summer and in winter, through the more prompt breaking out of roads, has required and will in future require more expense in order that the mail carriers may be able to do their work properly. We cannot see why the usual  $\frac{1}{4}$  of one per cent. or about \$2,900, should not be sufficient for the coming year. Secondly, the Board

of Health bills were unusually large and in some respects, we think perhaps unnecessarily so. The police force, too, we think might be so adjusted as to diminish the cost of the same. We find also that \$250 of the town's money was, by an error, turned over to the school board, which should be really counted to the credit of the town.

At the time of the district meeting in March, 1904, there was in the district treasury the sum of fifty dollars unexpended of a former appropriation of three hundred dollars to have a superintendent. At the last meeting the district raised and appropriated in addition thereto the sum of two hundred dollars.

At a meeting of the supervisory district held in Troy on the 12th day of July, 1904, Rindge asked to join the district, and they were admitted. It was thought by some that this would make the district so large that Mr. Stearns, the then superintendent, would not continue, so Winchester was very politely asked to withdraw, but upon being informed that Winchester had come there to continue in the district, a motion was made and carried to withdraw Winchester, so there was no other alternative only for Winchester to leave.

There did not open up to the committee any other opportunity which was in any way desirable to unite in having a superintendent, so we have not had one since last August. There is now in the district treasury said two hundred and fifty dollars unexpended.

The schools for the past year have been generally satisfactory. A prompt and constant attendance of pupils is essential to the best general results of a school. Are our boys and girls receiving the greatest possible benefit that they should from the money appropriated for school purposes? The large number of absent marks (four thousand eight hundred and

ninety-nine cases reported in the registers) seems to suggest a negative answer. Who is responsible for this loss of schooling? Tardiness is another great evil (number reported by the registers, eight hundred and forty-two) and the permission of it in school is but a training of our children to bad business habits, and a tardy person in any capacity is an annoyance. Tardinesses, absenteeism, and dismissals are the pest of the schools.

We have made an estimate of the expense of running all of the outlying schools in town thirty weeks, and those in the village thirty-three and thirty-six weeks:

Teachers' salaries	\$4,800 00
Fuel	300 00
Janitors	400 00
Miscellaneous	275 00
Carrying scholars	300 00
Repairs	100 00
	<hr/>
	\$6,175 00

We would therefore recommend that the district raise the sum of six thousand dollars for schools, and six hundred dollars for books and supplies.

In conclusion we wish to express to the citizens of the town, and especially to those having children in our schools, we desire that they visit the schools more often and confer with us more freely regarding school matters. Point out in a friendly manner what you consider defects, suggest remedies if any occur to you and come and talk matters over with us. You are always welcome. We fully realize, and want you to realize that the best schools are those only where the teacher, the parents, and the child all keep school together.

*To the inhabitants of the school district of Winchester,  
qualified to vote in district affairs.*

You are hereby notified to meet in the town hall, in said district, on Saturday, March 18, 1905, at two o'clock in the afternoon, to act on the following subjects:

ARTICLE 1.—To choose a moderator for the ensuing year.

ART. 2.—To choose a clerk for the ensuing year.

ART. 3.—To hear the report of agents, auditors, or committees heretofore appointed, and pass any vote relating thereto.

ART. 4.—To choose a treasurer for the ensuing year.

ART. 5.—To choose a member of the Board of Education for three years.

ART. 6.—To choose agents, auditors or committees in relation to any article embraced in this warrant.

ART. 7.—To see how much money the district will vote to raise for the support of schools for the ensuing year.

ART. 8.—To see how much money the district will vote to raise for the purchase of text books, and supplies for the ensuing year.

ART. 9.—To see how much money the district will vote to raise for the repair of school houses for the ensuing year, or act thereon.

ART. 10.—To see if the district will vote to instruct the Board of Education to hire a janitor for the school house in old district No. 3, who shall devote his whole time to the work while the schools are in session and perform such duties during vacations as may be deemed necessary by the school board, raise money therefor, or act thereon.

ART. 11.—To see if the district will vote to authorize the school board to unite with one or more town districts to form a supervisory district, for the purpose of employing a superintendent of the public schools therein, under provisions of chapter 77 of the session laws of New Hampshire 1899.

ART. 12.—To transact any other business that may legally come before said meeting.

Given under our hands this 3rd day of March,

**REPORT OF**  
**TRUSTEES OF PUBLIC LIBRARY**  
**OF WINCHESTER.**

---

The trustees of Winchester Public Library, in making our thirteenth annual report, would state that the repairs for which a special appropriation of \$200 was made at the last annual meeting, have been attended to, and that, fortunately, we were able to accomplish the work at a much smaller expense than was originally anticipated, but with, however, just as good results.

As the treasurer reports, there is a balance of one hundred and fourteen dollars and twenty-four cents (\$114.24) which we earnestly hope the town will permit us to retain and use for further improvements to the library building.

For the first time in several years we are able to report an addition to the books to be placed upon the library shelves for the public use. The sum of two hundred dollars has been saved, by the strictest economy, from the appropriations of 1904, and books to

this value will ere long be available for general purposes. Five valuable sets of books, one on the history of the world, and the other on natural history, have recently been purchased which will, we are sure, be much enjoyed, the latter by the young people especially.

Respectfully submitted,

HOSEA BRIGHAM,  
MARY E. HOLMES,  
J. GRACE ALEXANDER,  
GEORGE W. PEIRCE,  
LA FELL DICKINSON.
